

Claim 13. (original) The backlight system as described in claim, wherein said light source is elevated with respect to said first reflecting unit.

Claim 14. (original) The backlight system as described in claim 1, wherein said light source is elevated over the top of said second reflecting unit.

Claim 15. (original) The backlight system as described in claim 3, wherein said matrix array of domes is selected from the group consisting of hemispheric domes, elliptical domes, and recessed domes.

REMARKS

Changes in the specification have been made to be consistent with Fig.5. No new matter has been added, since all the changes are shown in Fig.5. Typographical errors in claim 2 have been corrected.

Respectfully submitted,

Hung Chang Lin
